

# ARE YOU READY FOR COST DATA COLLECTION?

The United New York Ambulance Network, American Ambulance Association, MultiMed Billing and North Eastern Rescue Vehicles have partnered up to sponsor a one-day seminar on CMS ambulance Cost Data Collection. If you bill for ambulance service, you will be required to submit your cost data to Medicare! Even if your service wasn't chosen in the first round for reporting in 2020, you will have to provide your cost data sometime in the next 4-years. Now is the time to get prepared.

**WHEN:** January 24, 2020

**TIME:** 9 a.m. to Noon  
Lunch on your own  
1 p.m. to 4 p.m.

**WHERE:** Holiday Inn, 441 Electronics Parkway, Liverpool, NY (off NYS Thruway Exit 37)

**COST:** \$125.00 a person, payable by cash, check or credit card  
Checks should be made payable to the United New York Ambulance Network

We hope you can join us – this is a great opportunity to find out more about this process!

For those services that were chosen for reporting in 2020, there will also be a dinner following the afternoon session. This will provide an opportunity to ask more detailed questions of the AAA team. Cost for dinner TBA.

RSVP and questions about the seminar should be directed to Trish Hansen, United New York Ambulance Network Secretary at: [trish.hansen@tlcems.com](mailto:trish.hansen@tlcems.com) or by phone at 607-756-8389.
