

## WNY Trauma Pre-Notification

- Update the appropriate trauma center using **MIST** report as you leave the scene and update with change in patient condition
- **Direct communication** between EMS provider and trauma center is preferred

<b>M</b>	Age/Sex, <b>Mechanism</b> or <b>Medical Complaint</b>
<b>I</b>	<b>Injuries</b> or <b>Inspections</b>
<b>S</b>	<b>Vital Signs</b> or <b>Symptoms</b>
<b>T</b>	<b>Treatments</b>

OISHEI CHILDREN'S HOSPITAL  
**716-323-2110**

ERIE COUNTY MEDICAL CENTER  
**716-898-4911**

### Destination Considerations

Any patient meeting *\*trauma triage guidelines box 1-3*, whether they are pregnant or not, should be transported to the **age appropriate trauma center**.

Additionally, pregnant females who have sustained traumatic injuries should be viewed with a higher index of suspicion (box 4 criteria) and be transported to the age appropriate trauma center. Consider consultation with Medical Control.

**OISHEI CHILDREN'S HOSPITAL**  
**Age 0-18** Level 1 Pediatric  
trauma center

**ERIE COUNTY MEDICAL CENTER**  
**Age 15+** Level 1 Adult  
trauma center
